Oldest average roof age by ZIP

- 33165 (Westchester) — 21.8 years average
- 33196 (Miami-Dade 33196) — 16.9 years average
- 33150 (El Portal) — 16.9 years average
- 33131 (Brickell) — 16.9 years average
- 33193 (Miami-Dade 33193) — 16.9 years average

Highest estimated replacement cost by ZIP

- 33165 (Westchester) — \$47,292 average est. job

Methodology

Produced by DataBloomer (databloomer.com) from Miami-Dade building permits and property appraiser

records. Public edition: ZIP-level aggregates only; roofs over 15 years; DataBloom Score 0–100; neighborhood bloom forecast from permit momentum and aging inventory. Estimated job values are derived from county heated living area and a default replacement cost per square foot. They are not quotes. Actual pricing depends on roof type, pitch, materials, access, and scope — use these figures only to compare relative job size between leads.
